

Male Threaded Hygienic Butterfly Valve For Food And Beverage Pipeline System

Our Product Introduction

for more products please visit us on watercontrol-valve.com

Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: DIN, 3A, SMS, ISO/IDF, etc...
- Model Number: CX-S3WBTY-001
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood Cases
- Delivery Time: 15-60 Days
- Payment Terms: L/C, T/T
- Supply Ability: Based On Order

Product Specification

- Material: Stainless Steel 316L
- Hygienic Grade: Food Grade
- End Connection: Weld, Clamp, Male, Female, Flange,
- Medium: Food, Beverage, Water, Dairy, Pharmacy, Chemical, Pharmaceutical Industry, Etc
- Name: Hygienic Butterfly Valve
- Usage: Stainless Steel Pipeline System
- Highlight: **stainless steel butterfly valve**

Product Description

Sanitary Hygienic Butterfly Valve Stainless Steel Food Grade Male Thread 3 Way

How do we ensure finished product quality (FQC inspection)

1. Visual Inspection
2. Material Grade Measurement
3. Dimension Inspection
4. Roughness Detection
5. Roughness Detection
6. Leakage Test

Technical Parameters

SPECIFICATIONS

Product Name:	Hygienic Sanitary Stainless Steel Food Grade Male Thread 3 Way Butterfly Valve with Pulling Handle
Valve Body Material:	1.4404/1.4301, SS304/SS316L
Seal Material:	EPDM (standard) FPM/SILICON/NBR, FDA177.2600
Max working pressure:	10Bar
Max. Working Temperature:	120 degree C
Availably size:	DN15-DN300, 1/2"-12"
Availably connection:	Clamp / weld / thread/ weld thread/ flange
Availably standard:	3A/DIN/SMS/RJT/ISO/IDF
Operated:	Manual,Pneumatic, E lectric
Control:	Sensor, C-TOP, C-top controller(AS-I)
Certificate:	ISO, PED/97/23/EC, FDA.177.2600
Handle application:	Two-position handle, three-position handle, four-position pull handle, multi-position plastic handle and multi-position stainless steel handle
Application scope:	Dairy,food, beverage, pharmacy, cosmetic, Chemical, etc
Packaging Details:	Bubble pack for each valve. Outside packing are carton or plywood cases. Or as per the request of customers.
Delivery d etails:	Usually within 20 days after receiving T/T down payment.

Application:

The series of this valve is a kind of sanitary manual which are widely used in stainless steel pipeline system to control and regulate medium flow.

Butterfly valves can be actuated either manually or pneumatically. There is a wide range of manual controls to meet the different system requirements. Pneumatic controls can be horizontal and vertical, single-, double-effect, and modulating. They can be fitted with control tops and proximity It is widely applied to many filed,such as beer,beverage,dairy food,fruit juice,pharmacy,biological etc.

Design Features

1. Various standards can be provided: DIN, 3A, SMS, ISO / IDF, BS / RJT, and ASME / BPE.
 2. Available in sizes from DN25 / 1" to DN300 / 12"
 3. Multiposition handles can be used for valves up to DN100 / 4";
 4. Pull handles can be used for valves from DN25 / 1" to DN300 / 12"
- Manual handle,
5. pneumatic actuator and electric actuator are interchangeable.
